

Faculty: Jeongseob Ahn (안정섭) jsahn@ajou.ac.kr

PhD

Feb. 2015

Research Fellow

Feb. 2015 ~ Jan. 2016

Researcher

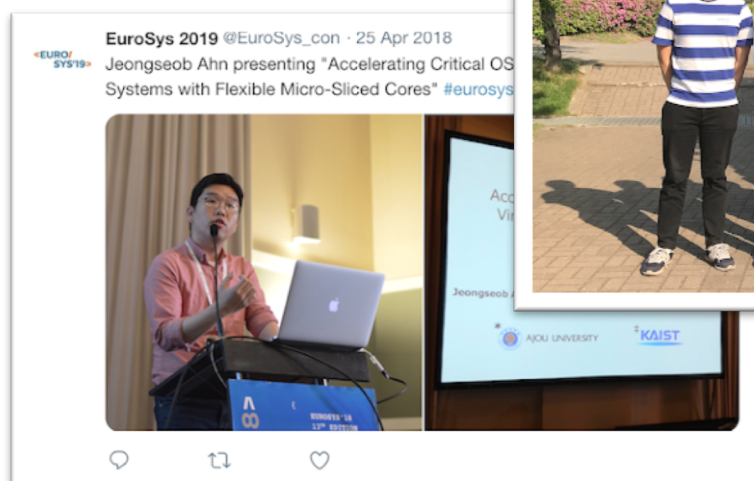

Feb. 2016 ~ Jul. 2017

Assistant Professor

Sep. 2017 ~ Current

- PhD students: 1
- MS students: 3
- Undergraduate students: 2

<http://cs1.ajou.ac.kr>

We are recruiting PhD, MS, and undergraduate students!

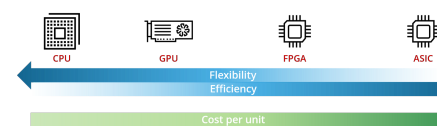

Research Area

Resource Management for Clouds

- Virtual Machine Scheduling & Placement
- Performance Isolation & QoS Support
- Emerging & Heterogenous Hardware Support

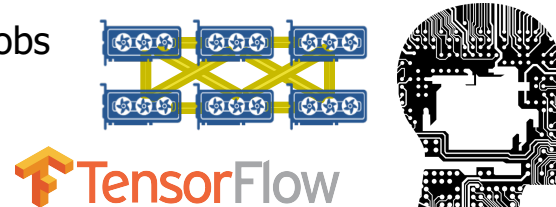

CPU, GPU, FPGA, and ASICs
Tradeoffs

Systems for AI

- Acceleration of Deep Learning Training & Inference Jobs
- High-Performance GPU & Accelerator Architecture
- Cooperation of Mobile, Edge, and Cloud

Architectural Support for Operating Systems and Virtualization

- Architectural Techniques to Enhance Virtual Memory Systems
- System Support for Microservice & Serverless Computing
- Processing-In-Memory (PIM) for Data-Intensive Computing
